The compensation ranges are as follows:

Staff Attorney: \$90,000-\$105,000

DESCRIPTION OF THE ORGANIZATION

EDC is a non-profit, public interest law firm that works to protect California’s Central Coast, natural spaces, and wildlife both on and offshore, and the earth’s climate. Founded after the 1969 Santa Barbara oil spill, EDC has a long history of defending Central Coast communities from environmental threats and injustice. Recent legal successes include a moratorium on offshore fracking in the region, and a settlement with a local public agency that halted dumping of toxic wastewater into the Santa Ynez River. More information about EDC’s cases and activities can be found at www.EnvironmentalDefenseCenter.org.

EDC is headquartered in Santa Barbara, California, and our work focuses primarily within San Luis Obispo, Santa Barbara, and Ventura Counties, including the northern Channel Islands and the ocean waters seaward of this region’s shores. Our mission is to protect and enhance the local environment through education, advocacy, and legal action. Since 1977, we have empowered more than 140 community-based organizations to advance environmental protection.

EDC maintains a fast-paced practice in the field of environmental, natural resources, and land use law. EDC represents community groups and environmental organizations in state and federal courts and before local, state, and federal agencies. EDC cases involve issues in virtually all local, state, and federal environmental statutes, including CEQA, NEPA, ESA, CAA, CWA, CZMA, OCSLA, California Coastal Act, MMPA, and California Planning and Zoning Law.
